Mount Barker District Council <noreply@smartygr... 4 May 2021, 14:33
to Esther

Hi Esther

I am able to inform you that your application for an Environmental Grant has been considered by Council.

The Mount Barker District Council has agreed to fund the subject of your application for \$1,200.00 for Biodiversity: minimum disturbance project (area 4).

We received 8 applications for projects with a total value of \$25,401.20 and we have been unable to fund all the projects and in many instances we have chosen to part fund some projects. Should this be the case for your organisation, please contact me, Peter McGinn, Senior Community Development Officer on 8391 7284 should this not be suitable and the project is unable to proceed.

A Condition of Grant Acceptance form has been added to your submission. Please fill this out and submit as soon as possible or by 31 May 2021. You can access the form by logging in at <https://mountbarker.smartygrants.com.au/applicant> and then clicking the **'My Submissions'** link at the top of page. Here you will see your submission EG00026 and any associated forms open and waiting for you to complete.

Congratulations on being successful with your Environmental Grant application. On behalf of Council I wish you well with your project.
